DEPARTMENT P LLAMAS

Superintendents: Tom & Kim Smith

FACILITY LOCATION

Stalls, exhibit room and corral are along Gold Street fence line, see #4 on Fairgrounds map.

PURPOSE

Educating the public to the value of llamas for their many uses as alternative livestock, pets, packing, wool, companion animals, etc. Demonstrating their abilities, intelligence, and gentleness. Promoting llamas for their environmental soundness, easy maintenance, and affordability.

SHOW & TELL

Visit the stalls and see llamas close up. Visit the exhibit room and see the static display of llama equipment, products, and information. We have a corral area where we periodically have demonstrations with these unique creatures. We have highly qualified, friendly, enthusiastic llama owners/breeders to answer all your questions at the facilities. Make an appointment to have a personal farm tour after fair; visitors are always welcome. Contact the superintendent(s) for more information, (360) 273-7693.

DEPARTMENT RULES

1. Applications will be sent to the previous year's exhibitors in May. New exhibitors are invited to participate by the llama department superintendents. Please request an application from a llama superintendent and submit it for consideration NLT May 30th. Stall assignments will be made in July. Exhibitors will be selected by the Department Superintendents from the applications submitted based on the needs of the department.
2. Exhibitors are responsible to maintain a safe, clean environment at all times. No animals will be allowed outside the designated corral area without the approval of a Department Superintendent, a halter, lead rope and a qualified handler. Exhibitors will provide supervision of their animals at all times while on the fairgrounds, promote safety and maintain positive control of their animals.
3. Exhibitors are responsible for certifying their animal's health. If an animal is found to be in questionable health by the fair veterinarian and/or superintendent, it will be removed from the fair immediately. The Fair's minimum health requirements are the same as the recommended minimum health requirements by the State Veterinarian.

4. All vehicles and miscellaneous equipment will be removed from the fair grounds by 9:00 a.m. daily. Llamas, facilities, and exhibitors will be ready for the general public by 10 a.m. Exhibitors will maintain their exhibits in a presentable appearance until after gate closure in the evening, when the superintendent determines exhibitors may take their animal home, or exhibitors will have the option to leave their animals overnight. Exhibitors are required to remove all debris before exiting the fairgrounds, leaving the stalls in a presentable, usable manner for the next exhibitor.
5. Demonstration will be held at the llama facilities as approved by the superintendents. Exhibitors will keep their llamas within the stalls or corral area. Parades or out of facilities activities will be at the direction of the superintendents.
6. Departure procedures are as follows: No exhibitor will have a vehicle on the fairgrounds to remove animals or equipment without the approval of the superintendent or their direct representative. Normally, removal of exhibits will be allowed one half hour after the fair officially closes in the evening. If early departure is authorized it will be either by foot or convoy, as directed by a superintendent or the authorized representative. Leaving animals overnight is optional, given sufficient pen space.
7. Exhibitors are responsible to adhere to the department rules. Noncompliance could be a cause of forfeiture of exhibiting privileges. All disputes and/or questions will be directed to your superintendents for resolution.
